RESPIRONICS®

LIFE HASN'T BEEN THIS EASY SINCE YOU LEFT KINDERGARTEN.

Introducing Opti*Life*™. The first mask in the Respironics My Life™ Series. Easy to fit. Easy to assemble. Easy to clean. This compact pillows mask enables side sleeping and provides a high level of comfort, an excellent seal and a clear line of sight.

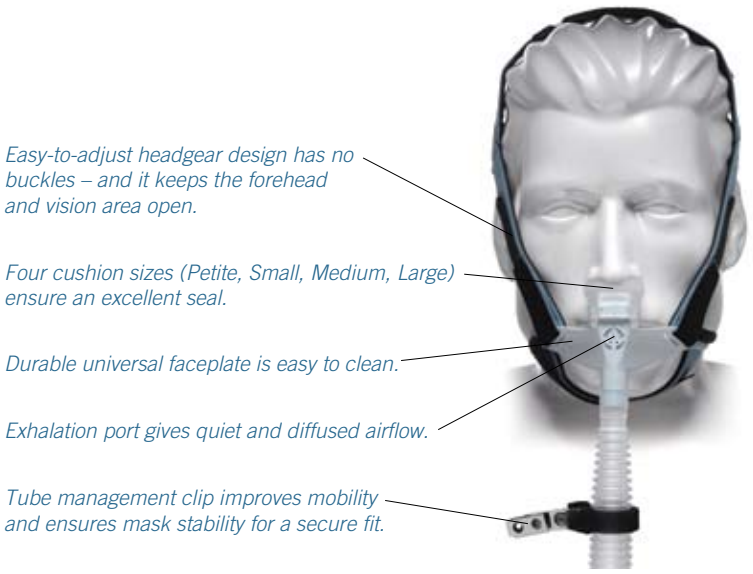
Opti*Life*™

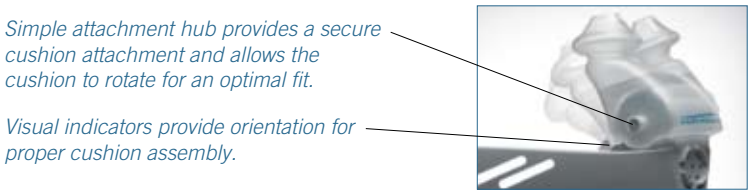
Opti*Life*™

This minimal-contact, easy-to-use mask is designed to fit your life – and the lives of your patients.

We made the Respironics OptiLife our easiest-to-use mask so it will more easily fit the lives of patients, homecare providers and sleep lab professionals. Patients will appreciate the fact that OptiLife is easy to wear, clean and maintain. Sleep lab professionals will find that OptiLife makes it easy to obtain proper fit and seal for a wide range of patients. OptiLife is packaged with four cushion sizes, which makes first-time fit easy and provides good inventory management.

OptiLife features a new headgear design and an integrated chin support band that allows it to be put on and adjusted with little effort – and no buckles. So now, even more patients can enjoy lightweight, effective therapy from a minimal-contact mask. In fact, OptiLife is so easy the mask can be put into place with one hand.





Introducing the Respironics My Life™ Series of Masks.

As the first mask in the new My Life Series of Masks, OptiLife represents a dramatic shift in our approach to developing patient interface products. This new generation of masks is designed to be more personal and adaptable – to better fit the lives of homecare providers, sleep lab professionals and, most important, patients.

Designed to fit the life of the sleep lab professional.

OptiLife is an ideal mask for introducing new patients to sleep therapy. It's easy for your staff to clean, assemble and seal patients quickly during titrations. OptiLife better accommodates side sleepers and leaves the forehead open for polysomnography leads.

Designed to fit the life of the homecare provider.

We gave OptiLife the features to enhance compliance and acceptance for your patients. Its high-performance seal, comfortable cushion, buckleless headgear, wide range of sizes and quiet design help patients stay compliant with their therapy. All of which helps you manage your patients and business more efficiently.
